

# Martini DRILLING CORPORATION

Our Mission:

To become your company's preferred Environmental and Geotechnical drilling contractor by providing the highest level of accuracy and customer service in the industry.

**CME 75  
DIESEL HT**

This rig is very fast. Retract rates of up to 90 feet per minute mean quick cycle times when adding augers or tripping out of the hole. The dependable mechanical rotary drive has up to 13,000 foot pounds of torque for auger drilling holes up to 11.5 inches in diameter to depths of over 150 ft

**Geoprobe  
6600 DIRECT PUSH**

Soil and groundwater sampling using truck-mounted hydraulic-drive/percussion hammer equipment. Continuous-coring or discrete soil sampling can be performed to depths in excess of 100 feet (depending on subsurface geologic conditions, i.e. refusal).

**VACMASTER  
SYSTEM 4000**

Underground utility locating, Natural gas pipeline bell joint leak repair, cathodic protection installation, gas or water line service terminations or installations, manway and valve box cleaning/maintenance

**Support Trucks | High Pressure Steam Decon Units | Traffic Control**
